

SURFACE LUMINAIRE

BLAZE

D86-076206

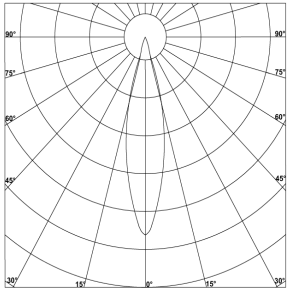

PRODUCT FEATURES

DESCRIPTION

Blaze downlights are compact luminaires engineered for precision illumination and optimal visual comfort. Featuring advanced micro-optics, they deliver controlled, low-glare light with sharp cut-off angles. The ultra-minimalist design supports surface-mounted, and suspended installations, allowing seamless integration across diverse architectural applications. Available in various sizes, beam distributions, and finishes, it provide high design flexibility for ambient or accent lighting in high-end interior environments.
